The Terms of Reference of this Committee are as follows:

- a) Assess the available facilities for various undergraduate courses under Directorate of Higher Education and in the light of the same examine the requirement and feasibility of starting Arts, Science and Commerce Colleges on grant-in-aid and/or self-financing basis in various parts of Goa.

- b) Examine the requirement and feasibility of starting P. G. courses in various subjects in existing non-Government Colleges on self-financing basis or grant-in-aid basis in Government Colleges respectively.
- c) Examine the feasibility of starting employment oriented innovative courses in Colleges, if any.
- d) Examine the feasibility of starting evening/night colleges in Arts/Commerce streams on grant-in-aid basis in existing Government Colleges respectively.

The Committee held two meetings, the first meeting was held on 25-7-2013 and the 2nd meeting was held on 5-12-2014.

The Members of the Committee carried out detailed discussions, examined various educational statistics and other relevant information and made a field visit.

The Committee is making the following recommendations unanimously.

(ii) Prologue:

The Committee observed that during the post liberation period, Goa has undergone conspicuous transformation in social, economic, political, cultural and educational fabric. The most conspicuous transformation has taken place in domain of education at all levels. The progress in education has been most visible, fast and far reaching. The educational advancement at all levels has been the master key which opened up grand vistas of development in every directions in the post liberation period as Goans then became the Architects of their destiny.

The phenomenal growth in education has provided resources, energy and momentum for allround development of Goa which succeeded in becoming No. 1 State in India, in certain areas as stated by India's Planning Commission, Fiscal Commission and Population Commission. Although education at all levels plays a crucial developmental role, the education at higher level is more vital for development of society. Whereas, the post liberation period in Goa layed a sound footing for school education, the post statehood Goa witnessed rapid, wide pervading growth of higher and technical education. Establishment of Goa University in 1985 as an apex educational institution in the domain of higher education was a remarkable landmark in Goa's annals of higher education. Equally remarkable development has been the establishment of Arts, Commerce and

Science Colleges by the Goa Government, particularly in rural areas of our State, bringing thereby quality higher education to the door steps of hitherto unserved, under privileged sections of rural community.

The march of higher education in Goa should henceforth continue incessantly seeking to achieve its consolidation, diversification and rejuvenation so as to make it capable of achieving greater equity, access, quality and opportunity.

(B) (I) **TERMS OF REFERENCE AND COMMITTEE'S RECOMMENDATIONS.**

Term of reference (a)

This term of reference reads as below:

"Assess the available facilities for various undergraduate courses under Directorate of Higher Education in the light of the same examine the requirement and feasibility of starting Arts, Science and Commerce Colleges on grant-in-aid and or self-financing basis in various parts of Goa".

The Committee wishes to address this term of reference (a) in two parts: part (1) relates to assessment of available facilities for various undergraduate courses under Directorate of Higher Education and part (2) relates to examination of requirement and feasibility of starting new Arts, Science and Commerce Colleges on grant-in-aid and/on self-financing basis in various parts of Goa in light of a (1) above.

B a (i) Assessment of available facilities:

In Higher Education Sector following colleges are under the administrative control of DHE:

- (a) 14 Arts colleges
- (b) 19 Commerce colleges
- (c) 9 Science colleges
- (d) 2 Law colleges
- (e) 3 Education colleges
- (f) 1 Music college
- (g) 1 Home Science college
- (h) 1 Physical Education college.

B a (ii) Requirement and Feasibility of New Colleges:

In the light of finding in respect of available facilities for college education in Arts, Science and Commerce disciplines, the Committee opines that on the whole the requirement of education in these domains is met adequately and satisfactorily in all parts of Goa. The Committee therefore recommends that there is no need to start new Arts, Science and Commerce Colleges in any part of Goa for the next few years.

If for any reason which may subsequently arise and if need occurs for creation of additional facilities in any region, the same need could be met by opening additional divisions in the existing neighbourhood college/colleges. It is reiterated that the opening of new colleges in Arts, Science and Commerce disciplines is not warranted for the present.

(B) Term of Reference (b)

The second term of reference is as follows:-

“Examine the requirement and feasibility of starting PG courses in various subjects in existing non-Government Colleges on self-financing basis or grant-in-aid basis in Government Colleges respectively”.

- (i) On the basis of detailed examination of post-graduate courses run currently in Goa University and various undergraduate colleges in various parts of Goa, the Committee has come to the conclusion that in this areas also —MA, M.Com, M.Sc courses the demand is more or less met in all the geographical areas of Goa. However, in this segment of education there are a few gaps which need to be filled up. As regards the M.Com course, it is felt that there is a need and feasibility of its successful implementation in the region of Vasco-da-Gama where large number of blue collar and white collar employees are employed in several private and public sector commercial and industrial establishments. Further, in view of the rapidly emerging Pharmaceutical and other establishments like the NIO and Syngenta Research and Technology Unit there is a growing scope for expansion in the facilities for P.G. courses in various branches of **Chemistry**, particularly Analytical Chemistry, Physical Chemistry and Organic Chemistry. Those Science Colleges where requisite infrastructure is or can be soon made available should be permitted to run the appropriate P.G. Courses in Chemistry. The Committee recommends three courses in Ponda and Quepem talukas. In the aided institutions these courses will be run on self-financing basis and on grant-in-aid basis in the Government Colleges.

(ii) Encourage Learning of Pure Sciences:

Committee's attention was drawn towards a serious shortage of teachers in the subject of Mathematics and Physics in Commerce and Science Colleges in Goa. This problem is threatening to become increasingly more serious in future as the

enrolment of students in our colleges in subjects like Mathematics and Physics is decreasing across the board in our State. This problem needs to be addressed expeditiously and effectively. The Committee is inclined to recommend that all Science colleges, aided as well as those run by the Government, embarked upon a vigorous program to encourage students Physics and Mathematics as electives at the undergraduate level. The Committee also recommends that the Government of Goa implement a dedicated and liberal **Science Bursary Scheme** for the benefit of the Science students at UG, PG and Doctorate levels.

As a long term measure, Science education needs to be focused and popularized right from the school level. The Committee therefore urges the Government of Goa to formulate and implement **Science Popularization Programs** at the school level at the earliest.

These out of the box measures appear to be essential also in the larger context of India's desire to rise as a knowledge power in a world dominated by science, technology and innovation.

(B) Term of Reference (c)

The term of reference reads as below:-

“Examine the feasibility of starting employment oriented innovative courses in Colleges, if any”.

- (i) The Committee is of the opinion that time has come for innovation and diversification of higher education based on relevance and employment potential in particular. This calls for starting new courses in the existing colleges or in the new colleges to be opened in various parts in Goa. The Committee feels that in the context of revitalizing the agrarian economy in our State as well as in our country. There is an urgent need to set up a composite and integrated **Agricultural College** encompassing the disciplines of farming, horticulture, floriculture and pisciculture. This institute should be located where adequate land is available and where the other colleges in the area of liberal education do not exist. The taluka of Satari, Sanguem and Canacona appear to be suitable for the location of the proposed Agricultural College.

(ii) Goa needs Community Colleges:

Government of India has declared its interest to set up Community Colleges in various parts of the country in collaboration with Government of USA. This Committee recommends that three Community Colleges should be located in Goa

with/without the help of Central Government, one each in North Goa, Central Goa and South Goa. In case the State Government does not wish to venture into these arena then the Community Colleges as above shall be set up in the private sector.

(iii) Steps for further diversification of Higher Education:

The Committee recommends establishment of following types of new institutes at undergraduate level to begin with, to be developed progressively as Post-Graduate and Research institutes with aim to become the institutes of excellence.

- (1) Institute of Media Studies
- (2) Institute of Theater Studies
- (3) Institute of Films Studies
- (4) Institute of Design
- (5) Institute of Entrepreneurship Innovation & Incubation.
- (6) Integrated College of Education.

(iv) Open University for Digital Learning:

In keeping with emerging requirement of IT industries at global level and for being able to meet the needs of a fast changing digital world, the Committee strongly feels that Goa needs to have an Open University for Digital Learning. The Committee implores the Government of Goa to set up such institution fully on its own or preferably with the help of Government of India.

(B) Term of Reference (d)

The term of reference is as follows:-

"Examine the feasibility of starting evening/night colleges in Arts/Commerce streams on grant-in-aid basis in existing Government Colleges".

- (i) The Committee strongly feels that currently as also in near future Goa ought to have evening/night colleges in Arts and Commerce streams in a few selected existing Government Colleges and also in grant-in-aid colleges.

In order to serve the labour force employed in the fields of commerce and industry in different regions of Goa to acquire skill based education and then to reinforce and upgrade it, the Committee likes to suggest that around 6 night colleges shall be established, one each at Margao, Quepem, Vasco, Panaji, Mapusa and Ponda. These colleges are to be the parts of the existing colleges and shall operate on the basis of need functioning as long as the need exists. It should be, however, open to these colleges to switch over to other subjects as and when the need changes.

(C) OTHER RECOMMENDATIONS

(i) Goa to become educational hub:

Goa has the potential, on account of its salubrious environment and cultural, geographical and historical factors, for emerging as a world-class educational hub. Concerted, well planned efforts backed by strong political will and public support are called for to turn this possibility into a reality. Such efforts seem to be all the more essential in view of the uncertain fortunes of the mining industry and the fragile and volatile character of the tourism industry, the two main props of Goa's economy.

In the wake of globalization, liberalization, privatization and marketisation (read commercialization) new universities promoted and funded with massive investments by institutions/ corporates from the rest of India are sure to come to Goa. In larger public interest this influx is welcome; however it should be planned and regulated as best as possible. **Ivy League institutions from India and abroad should be invited and welcomed to Goa.**

Entry of educational institutions from different backgrounds and different objectives will entail sort of educational pluralism, different educational systems coexisting side thereby by side broadening the choice of institutions available to learners, researchers and scholars. These institutions, notwithstanding small size of Goa will have no dearth of students as they will attract students from all over India and even from the foreign countries.

In the wake of these developments in our educational scenario best brains from all over the World will intermingle in our land, infrastructure up-gradation will take a big leap forward, educational climate will become abundantly lively, teaching learning will become more rigorous and most importantly research will flourish extending the frontiers of knowledge and contributing to the enrichment of its corpus, a prime requirement of our nation aiming at becoming a knowledge super power. Goa is destined to play a big role in the educational resurgence of India provided it brings about renewal, resurgence and reforms bordering on resurrection of its own education system as envisaged in its new education policy.

(ii) Goa to have Educational Estates:

Going beyond the scope of terms of reference, the Committee would like make certain recommendation for the most earnest consideration

of Government of Goa. The Committee feels that Goa has a strong and vast potential to be a educational hub, as stated above.

A major step in the direction of transforming Goa into an educational hub, in addition to giving effect to the recommendation made above, includes setting up of three well planned, well endowed, modern and futuristic educational states, one each for the two districts of Goa and one for taluka of Pernem. It is suggested, to invite the Ivy League of educational institutions from India and abroad to set up their campuses in these estates.

(iii) Strengthen existing Colleges:

The Committee recommends that the existing grant-in-aid Arts, Science and Commerce colleges need to be strengthened on priority basis. As a first step the Government should revise, rationalize, liberalize and implement the new

- (i) Grant-in-aid pattern, and
- (ii) The non-teaching staff pattern.

These institutions should be encouraged to move fast towards innovation and quality improvement on a sustained basis.

(iv) Review and monitoring:

The Committee urges the Government of Goa to implement the recommendations made in this report with full vigour supported by requisite financial allocations and organizational restructuring. It is reiterated that the implementation needs to be constantly monitored and periodically reviewed. Whenever necessary mid course corrections need to be made. Over a period of time as circumstances changed this Road Map will have to be reviewed and altered to suit the emerging situation.

(ii) Epilogue:

Goa deserves the best:

The thrust of our report, as above, is upon the consolidation and diversification of Goa's collegiate education leading to its rejuvenation.

It is felt that the rejuvenation of higher education system is pivotal to render it capable of supporting and sustaining wholistic development of our State. People of Goa are clamoring for higher standard of leaving and better quality of life. They deserve the fulfillment of hopes and aspirations expeditiously. The Society must develop, the economy must grow becoming increasingly inclusive propelling itself

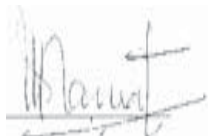

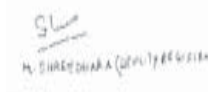

towards full employment. This is a monumental challenge but it must be met decisively without delay. Therefore a major task before Goa now is to create a strong, capable and responsive system of education as a driving force for the much needed developmental effort. This line of thinking has been the driving spirit behind the preparation of this report which the Committee has christened as "Report on the Construction of a Road Map for Consolidation, Diversification and Rejuvenation of Collegiate Education in Goa".

(F) Thanks:

The Committee wishes to place on record its heartfelt appreciation and thank to the Officers and Staff of Directorate of Higher Education for their excellent assistance provided to the Committee in discharging functions.

Officer & Sub-Divisional Magistrate, Panaji-Goa**Order**

No. SDM/PNJ/ORDER-SEC-144/2015/1984

**Under Section 144 of Code of Criminal
Procedure, 1973**

Whereas, reports have been received from the Sub-Divisional Police Officer, Panaji and the Police Inspector, Panaji Police Station that on 06-07-2015 the striking workers of the Corporation of City of Panaji in furtherance of their common object formed an unlawful assembly in front of the CCP office, Panaji, entered into the office premises, poured the dirty/sewage water inside the office premises which caused unhealthy condition to the working employees and to the public visiting the office, threatened the employees with dire consequences, disconnected the water connection pipes, damaged the CCP garage, punctured the vehicles/trucks of CCP thereby curtailed the essential services. The workers have restrained the contractor and assaulted.

And whereas it has been brought to the notice that on 7-7-2015 the striking workers formed an unlawful assembly in front of the Corporation of City of Panaji office, Panaji and in furtherance of their common object shouted the slogans. They were forced to move to Azad Maidan, however on their way on four road junction, near Azad Maidan they blocked the traffic and pedestrian thereby created nuisance and obstructed the public servant in discharging their lawful duty.

And whereas the District Magistrate vide No. DM (N) ORDER No. 8/8/2014-MAG/L&O/LA/3401 dated 05-12-2014 has designated the places for holding dharna at Azad Maidan/Parade ground, Campal, Panaji and as such holding dharna in front of City Corporation building is an illegal and unwarranted.

And whereas, I am satisfied that in case the striking workers or any other persons supporting the striking workers are not prevented from assembling within the radius of 100 meters of the said City Corporation building, there is every possibility that those persons are likely to disturb public tranquillity, damage the public property, cause harm to the employees and in order to prevent or tends to prevent, obstruction, annoying of injury to any person lawfully employed or danger to human life, health of safety or a disturbance of the public

tranquillity the preventive order U/s 144 Cr. P. C. is warranted.

And whereas I am satisfied that there are sufficient grounds for proceeding U/s 144 of the Code of Criminal Procedure and the circumstances do not allow the services of notice individually.

Now, therefore, in exercise of the powers vested in me under Section 144 of the Code of Criminal Procedure, 1973, I, S. P. Shetye, Deputy Collector and Sub-Divisional Magistrate, Panaji do hereby prohibit:-

- a. Assembly and collection of five or more striking workers of City Corporation of Panaji, their leaders, agents, supporters etc. and taking out or organizing of processions.
- b. The carrying of fire arms or weapons of offences such as lathis, swords, daggers or spears.
- c. The use of loudspeakers.
- d. The shouting of slogans.
- e. Burning of fire crackers at the venues of meeting etc.

In any public places, streets, roads, square, through fares, by-lane or in any open space within the radius of 50 meters around the office building of Corporation of City of Panaji.

Further, it is also ordered that the provisions of the Section 144 of Cr. P. C., 1973 promulgated now, shall come into force for 2 weeks w.e.f. 07-07-2015.

Given under my hand and seal of this office, this 7th day of July, 2015.
